SPIGGLE & THEIS Medizintechnik GmbH Completes The Acquisition Of Bryan Medical Inc.

Overath, Germany / Cincinnati, Ohio, USA July 2, 2024 --- SPIGGLE & THEIS Medizintechnik GmbH, a leading provider of high-quality medical technology in the field of otorhinolaryngology, is pleased to announce the acquisition of Bryan Medical Inc., a renowned US-based manufacturer of innovative medical devices for airway management and other ear, nose, and throat related applications.

This strategic acquisition is set to enhance SPIGGLE & THEIS' global market presence by granting direct access to the US market while expanding its product portfolio.

SPIGGLE & THEIS, known for its cutting-edge surgical instruments and devices, has been at the forefront of delivering advanced medical solutions to ENT healthcare professionals worldwide. The acquisition of Bryan Medical, headquartered in the United States, aligns with SPIGGLE & THEIS' commitment to innovation, quality, and patient care in the ENT field.

Kai Schloemer, Managing Director of SPIGGLE & THEIS, stated, "We are thrilled to welcome Andrew Georgilis and the Bryan Medical team into the SPIGGLE & THEIS family. Their expertise in airway management enhances our existing product lines and allows us to offer a more comprehensive range of otorhinolaryngology solutions to our customers globally. This acquisition marks a significant milestone in our growth strategy and our mission to enhance patient outcomes through innovative medical technology."

Bryan Medical has a strong reputation for developing and manufacturing high-quality products such as balloon catheters, endotracheal tubes, and other devices designed to manage airway obstructions and conditions. Their sole focus in the ENT field and their dedication to improving patient care through innovative product designs aligns perfectly with SPIGGLE & THEIS' values and operational philosophy.

Andrew Georgilis of Bryan Medical Inc., commented, "We are excited to join forces with SPIGGLE & THEIS, a company that shares our commitment to quality and innovation in the ENT field. This partnership will enable us to leverage SPIGGLE & THEIS' global distribution network and resources to bring our products to a broader audience. At the same time, we will be able to introduce the wide range of SPIGGLE & THEIS devices to the US market. Ultimately, more patients will benefit from our superior products worldwide."

Bryan Medical will continue to service the US ENT market. Gradually adding SPIGGLE & THEIS products to their local offering will allow the organization to sustainably gain further relevance in the US environment.

Bryan Medical's product lines will be integrated into SPIGGLE & THEIS' existing global operations to expand market reach.

Healthcare professionals and partners of both companies can expect a seamless transition with continued access to a growing number of high-quality products and services.

This acquisition is expected to foster significant advancements in medical technology and improve healthcare delivery across the globe by synergizing Bryan Medical's and SPIGGLE & THEIS' competencies of bringing innovative solutions to market.

SPIGGLE & THEIS remains dedicated to supporting healthcare professionals and enhancing patient care through continuous innovation and excellence in ENT medical device offering.
